To upload to Rosedaletube.com, you will need to use an FTP program, such as Filezilla. You can download the "Client for Windows" at the link below.

https://filezilla-project.org/

- 1. Install the program and start it.
- 2. Go to the upper left and click on the server icon.

3. Enter the following settings and click on "Connect"

Host: rosedaletube.com Protocol: FTP Logon Type: normal User: zfiles Password: dh7Bh6j3Cd2BVz

The username and password will stay but if you want to add another server, give the site a name (below left side) so that the settings are saved. Then you can just click on the site name to open it.

Site Manager		×				
Select Entry:		General Advanced Transfer Settings Charset				
My Sites		Host: rosedaletube.com Port:				
	be	Protocol: FTP - File Transfer Protocol				
-		Encryption: Use explicit FTP over TLS if available				
		Logon Type: Normal				
		<u>U</u> ser: zfiles				
		Pass <u>w</u> ord:				
		Background color: None ~				
		Comments:				
New Site New Folder		^				
New Book <u>m</u> ark	<u>R</u> ename					
Delete	Dupl <u>i</u> cate					
		Connect OK Cancel				

4. The left window pane (green box below) is your machine (maybe your Desktop?) and the right window pane is the Rosedaletube server. Click and drag the file you want to put on the Rosedaletube (ex. something from YouTube) from your computer in the left pane to the correct folder in the right pane (Rosedaletube) and drop it. You will see the transfer start in the bottommost pane.

5. Then go to <u>http://rosedaletube.com/zfiles/esl/</u> in your browser and navigate to the same folder ex. (/eslbo/Unit 1/Lesson 3) and click on your video file. It should start playing. Copy the URL and put that link in the LP.
