Instructional Strategies

Slide 1	Introduction and review homework from last class
Slide 2	Learning goals for the class
Slide 3	The "OA" sound, read through the words with the students so that they

	understand the sound of the word.
Slide 4	Practice taking turns saying the words on the bingo card
Slide 5	Sing the song together. Then Have students try to make up their own "oa" jingles using the same tune and a different "oa" word. How many words can they think of?
Slide 6-7	Silly rhymes with "OA" sounds. Have students come up with their own silly rhymes and visualize what they might look like.
Slide 8	Asking for the apple using "this" "that" "these" and "those" and going through the difference between singular and plural. Ask students to gather various objects in their homes. Now have them ask each other for specific objects for example: "Can you please go get those pencils over there?"
Slide 9	More practice with "this, that, these and those". Take turns reading the statements
Slide 10-17	Reading the story and going through the water safety tips. Have students been to the ocean? The pool? Have they taken swimming lessons?
Slide 18	Review the simple prepositions we have already learned.
Slide 19	Let's describe the pictures. Where do you see the cat, dog, girl and boy?
Slide 20	Create a sentence describing each picture using the correct preposition.
Slide 21	Discuss the new prepositions outlined in the images.
Slide 22	Have students create sentences describing various objects in the image using preposition words
Slide 23	Review and assign homework
