DOUBLE YOUR OPTIONS WITH A DOUBLE DEGREE

A Monash double degree course allows you to study towards two degrees at the same time.

What is a double degree course?

Monash offers two types of double degrees: a double undergraduate degree and an undergraduate/graduate double degree. A Monash double undergraduate degree course allows you to study towards two degrees at the same time. This means you can keep your options open, develop expertise in different but complementary areas, or simply pursue two areas of interest in greater depth. You'll be awarded with two testamurs, one for each degree completed. More than 140 double degree combinations are available.

Double undergraduate degree

How long does it take?

A double undergraduate degree course takes two years less to complete than studying the two degrees separately. This is because the required units in one course count as electives in the other. For example, if you decide to take a Bachelor of Engineering (Honours) and a Bachelor of Commerce, it will take you five years instead of seven. Therefore, you would take all the common core units for engineering as well as your 18 units of specialisation. You'll also take all the prescribed core units in commerce as well as eight units that make up your commerce major. So not only will you save two years of time, you'll also save two years of course fees.

Sample course map

Year 1				
Semester 1	Engineering	Engineering	Engineering	Engineering
Semester 2	Engineering	Engineering	Commerce	Commerce
Year 2				
Semester 1	Engineering	Engineering	Engineering	Engineering
Semester 2	Economics	Commerce	Commerce	Commerce
Year 3

Semester 2	Economics	Economics	Economics	Economics
Year 4				
Semester 1	Engineering	Engineering	Engineering	Engineering
Semester 2	Economics	Economics	Economics	Commerce
Year 5				
Semester 1	Engineering	Engineering	Engineering	Engineering
Semester 2	Engineering	Engineering	Commerce	Commerce

Bachelor's/master's double degree courses

Some double degree courses incorporate both an undergraduate and graduate element. After five years you'll graduate with both a bachelor's and a graduate master's degree. These courses are:

- Bachelor of Architectural Design and Master of Architecture
- Bachelor of Medical Science and Doctor of Medicine
- · Bachelor of Pharmacy (Honours) and Master of Pharmacy.

In addition, the Bachelor of Arts (page 28) and the Bachelor of Engineering (Honours) (page 50) offer accelerated master's pathways that enable you to complete an expert master's course with only one further year of study.

Sample course map – double arts bachelor's/arts master's accelerated pathway

Semester 1	Arts Major	Arts Minor 1	Arts Elective 1	Elective
Semester 2	Arts Major	Arts Minor 2	Arts Elective 2	Elective
Year 2*				
Semester 1	Arts Major	Arts Minor 3	Arts Elective 3	Elective
Semester 2	Arts Major	Arts Major	Arts Minor 4	Elective
Year 3*				
	Arto Major	Arts Major	Master Part B	Martanbarto
Semester 1	Arts Major	Ai to iviajui	Waster Fall D	Master Part B
Semester 1 Semester 2	Arts Major	Arts Elective 4	Master Part B	Master Part B Master Part B
	*	*		
Semester 2	*	*		

Under this arrangement years one to three, including the four master's units, are covered by CSP funding. The final fourth year is the standard full-fee master's program.

Entry requirements

Some double degree courses may require you to study across two campuses in order to complete your course. To be eligible for admission to a double degree course you'll need to meet the academic entry requirements for both single degree courses. For example, if you're applying for the Bachelor of Laws and Bachelor of Music double degree course, you'll need to satisfy the subject prerequisites for both courses as well as any range of criteria requirements that apply for either of the courses. The back tables in this brochure provide a guide to the overall score, or an estimate, required for admission in 2020. All scores are to be used as a guide only. See pages 102-105 for full entry requirements.
