LET'S TRY COOKING

We have learned a lot about our bodies and how to keep them healthy. Let's try making our very own healthy recipe!

The first step in cooking is to gather all your materials. You will need a blender, washed and chopped strawberries (10), ice cubes (6), 1 cup of milk, cutting board and a knife.

Once you have washed your hands, get a cutting board and begin slicing the strawberries and bananas.

Place all the ingredients into the blender (carefully because a blender has blades inside).

Once all the ingredients are in the blender press the “blend” button and watch the magic happen!

Pour the smoothie into your favourite glass, garnish with a strawberry and enjoy your hard work.

Delicious work chef!
