The Summer Olympic Games

The Summer Olympics are held every four years.

They are held in cities around the world.

Athletes walk in a parade at the start of the Games.

Let's look at some of the games.

Water Sports

There are many water sports.

One water sport is swimming.

relay race

breaststroke

backstroke

butterfly stroke

freestyle

Some swimming races use only one kind of **stroke**.
Other races use many strokes.

diving

Divers twist and flip before hitting the water.

Another water sport is **diving**.
Divers jump from high above the water.

Many Olympic events take place on the track and field.

Track and Field

Track and field **events** are games of running, throwing, and jumping. Races can be short or long.

hammer throw

discus

shot put

javelin

In throwing games, people win by throwing objects the farthest.

high jump

In the high jump, people leap over a bar.

In the long jump, people leap as far as they can.

long jump

men's rings

women's balance beam

women's uneven bars

men's pommel horse

Gymnastics

Gymnasts leap, flip, and twirl. They need strength, skill, and good timing.

balance beam

Only women **compete** on the balance beam. They must balance on the beam while they turn and flip.

rings

A gymnast's arms and shoulders need to be strong to do the rings.

Only men compete on the rings. They hold onto the rings and flip their bodies in circles.

Great! What is your favourite
summer Olympic sport?

Let's now review comparative and superlative

Do you
remember
