Instructional Strategies

Slide 1	Introduction slide, You can introduce the topic and ask students if they have any predictions about what they think the unit will be about
Slide 2	Go through the learning goals with students and ensure that they know the vocabulary words presented? This would be a good time to review previous

	lessons.
Slide 3	Discuss that "will" is usually a word that is a positive action, something that is going to happen. Ask if they can think of a time when you might use will as a negative.
Slide 4	Subject+will+not+verbs in simple form-this is the formula for how "will" would be used a negative-something that you will not do. Will not+won't. Discuss contractions.
Slide 6	Building sentences using the formula. Taking turns. Things you will and will not do.
Slide 7	"KS" vs. "X". Different words with endings that sound the same but are spelled differently.
Slide 8	Practice pronunciation with various endings.
Slide 9	Can we think of and record our own "ks" words.
Slide 10-1	All about volcanoes. Will and will not questions throughout the reading of the book.
Slide 18	"Sly as a fox" what might this mean? What does sly mean? What do we know about foxes? You may want to review the idea of idioms here as well.
Slide 19	Recap themes of the day and assignment homework. (in folder)
