Rainy Season

After the hot summer comes the rainy season or monsoon season. The rain comes in June, July and August. Cool winds from the sea bring the rain clouds. We use raincoats and umbrellas to protect ourselves from rain. The rain fills the dried ponds, wells, lakes and rivers. It brings water for crops. The trees and plants look green during the monsoon season.

The Many Kinds of **Big**

by Odele-Martin Dugan

What do you see that is big? Do you know other words that mean big? Words with similar meanings are called synonyms.

A large lobster is shown from a low angle, with its two large claws raised high into the air. The lobster's body is dark and textured, while the claws are a lighter, orange-brown color. The background is a clear, light blue sky. The text is overlaid at the bottom of the image.

Large means big. Lobsters have two large claws that pinch. One clasp is larger than the other. It is used to break apart food.

Huge means big. Giant clams are huge.
They live and grow in one spot their
whole lives.

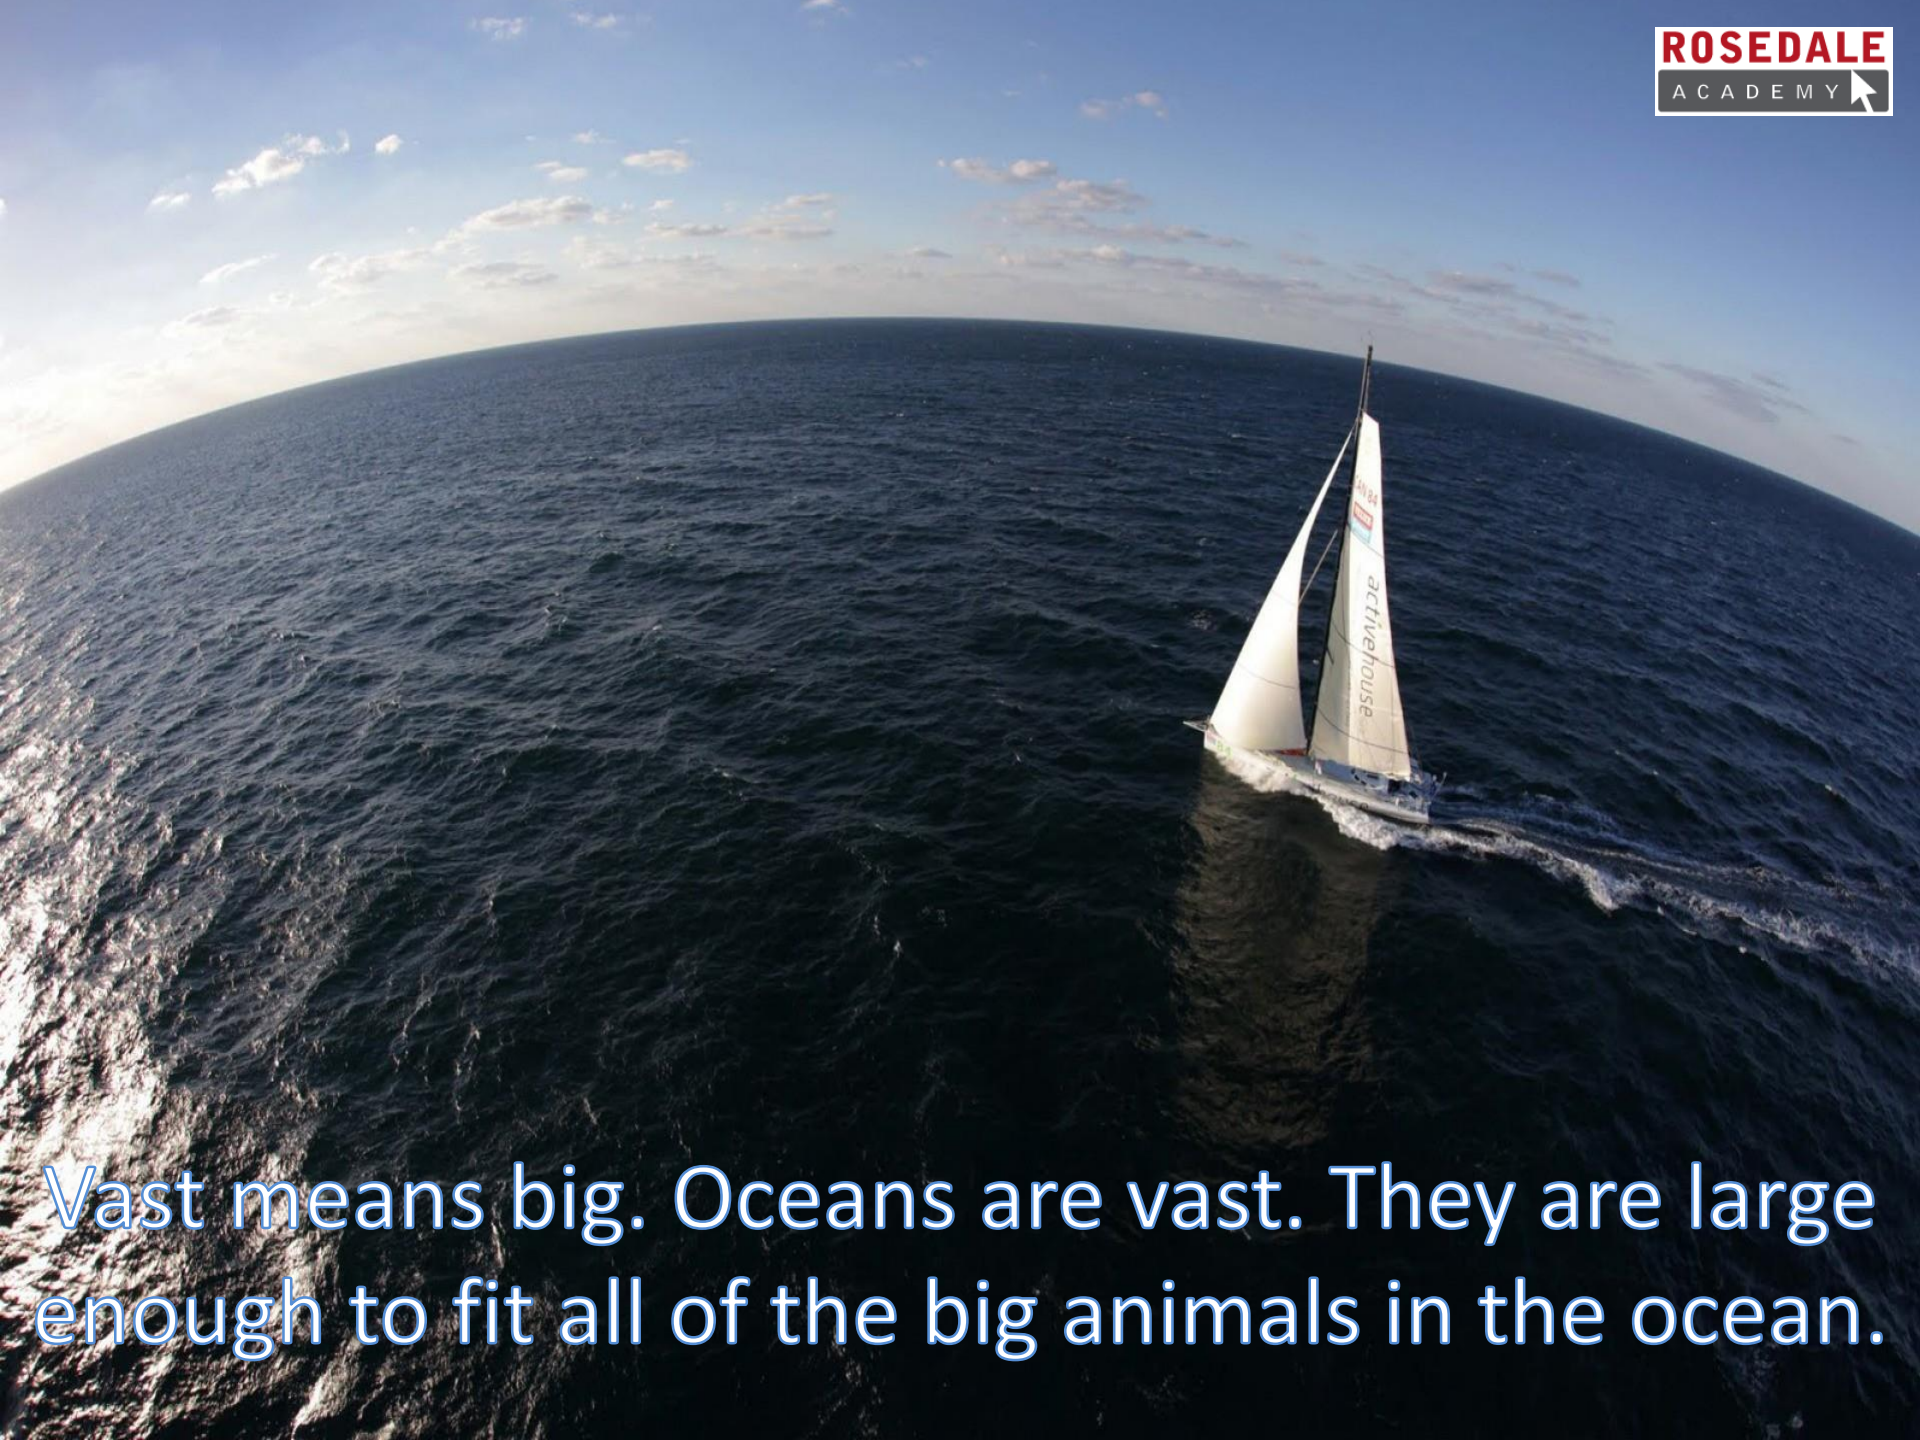

Gigantic means big. Great white sharks are gigantic. Their mouths can fit 300 teeth!

Massive means big. Orca whales are massive.
They hunt in large groups called pods.

Enormous means big. Humpback whales are enormous. They use their big tail fins to swim fast and jump out of the water.

Vast means big. Oceans are vast. They are large enough to fit all of the big animals in the ocean.
